

# 5 year + Fixed rate additional information form

## Important information

To be confident that the mortgage can be refinanced at the end of the 5 year + fixed rate period, where the LTV exceeds 60% we will assess affordability at a rate of 5.5%.

If the rental income is below the minimum required, customer(s) should demonstrate they are able to meet any difference through net worth in other property, available liquidity or earned disposable income (EDI).
