

# NEW! Use top slicing to maximise landlord's borrowing

Limited edition!

We can now use top slicing as part of the affordability assessment across our range of buy to let second charge loans. This means your customer could get the loan size they want even if there is a rental shortfall for the ICR – ideal for capital raising.

You can utilise top slicing on our new range of market leading 5 year fixed rates. These assess affordability on pay rate and start from just 4.49%.
