## England and Wales

- ▶ Capital raising can only be to repay the Help to Buy Equity Loan and must not exceed the amount required to staircase \*. Any amount of debt consolidation is not acceptable.
- ▶ Your customer cannot remortgage and capital raise if the value of the property has gone down. However, they would still be able to staircase from their own resources.
- ▶ Monthly interest fees are payable on the Help to Buy Equity Loan after five years. This amount must be included as an ongoing monthly commitment on the application and can be calculated using our [Residential Affordability Calculator](#).
- ▶ If your customer is staircasing we need to know what percentage of the Help to Buy Equity Loan they are repaying.

The percentage of the Help to Buy Equity loan being repaid is calculated as:

$$\frac{\text{Percentage being staircased}}{\text{Current equity loan percentage}} \times 100$$

→ This is the amount to be used in the Residential Affordability Calculator

**Example:** For a Help to Buy London case, if the original Help to Buy Equity Loan was 25% of the purchase price and the customer is staircasing 10% they would be reducing the Help to Buy Equity Loan by 40%, which is the figure to be used in the calculator.

$$\frac{10\%}{25\%} \times 100 = 40\%$$

- ▶ If the customer is remortgaging to repay the Help to Buy Equity Loan in part or in full they will need to have the property valued by an independent surveyor (RICS). This valuation will be used to calculate the current value of the equity loan and the amount required to repay it in part or full. Precise Mortgages will also obtain a valuation of the property and lending will be based on this.
- ▶ When submitting applications for Help to Buy remortgages it is the responsibility of the Intermediary to ensure that the application is eligible and compliant with the rules of the appropriate Help to Buy scheme before the submission is made.

\*Capital raising for home improvements is only available in exceptional circumstances. You should contact the relevant Help to Buy agency for details.

## How does the process work?

1

### Check

Before an application is submitted your customer should check how the Help to Buy scheme works in their area.

Your customer may wish to contact the post sale Help to Buy agent to understand their responsibilities to conform with the scheme. Information regarding requirements can be found on the relevant post sale Help to Buy website.

2

### Before submission

A DIP can be obtained for any Help to Buy remortgage. When capital raising to staircase, an estimated capital raising amount can be used.

However, **before** submitting a full mortgage application for capital raising the customer must have confirmed the exact amount required to staircase by contacting the Help to Buy agent.

To do this the customer is required to have the property valued by an independent surveyor, the criteria for this valuation can be found on the relevant post sale website.

The Help to Buy agent will then confirm in writing the amount required to staircase in a redemption letter. This will then be the maximum amount of capital raising Precise Mortgages can consider.
