

## Warranty

We provide for the accuracy of our delivered products for the time of 3 years from delivery to the customer. If the goods are delivered deficiently, the customer has the right of removal at no charge (rectification of defects). If this removal fails at least three times, the customer can claim abatement or alteration subsequently. If explicitly ensured features are missing, the right of compensation due to non-performance remains unaffected. Natural wear, crush-, ripping- or other similar damages regarding covers, complaints due to inappropriate treatment, overhauling, maintenance and care as well as unusual treatment and usage are excluded from this warranty. This also applies to rejected goods which are treated by a third party without our agreement.
