cleaning instructions

Can be effectively cleaned using a regular household dust cloth or feather duster. Lightly dust inbetween each component when the lamps are not in use. Moooi recommends always reading the label of any cleaning products you wish to use on or near any item from the Moooi collection. For further information on how to clean this product please contact your nearest Moooi agent or dealer which can be located through our website.

luminous flux (Lumen, lm):

Prop Light Single: 800lm

Prop Light Double: 1600lm

power consumption:

Prop Light Single: MAX 10.3W

Prop Light Double: MAX 21W

**canopy:**

matching white pebble

cablE length & colour:

4M | 13ft, transparent

dimmbable:

yes, mains dimmable

Recommended dimmer specs

For fluent dimming behaviour we advise a dimmer that is compatible with the following specs:

Transformer type: Electronic Low Voltage (ELV)

Load type: Capacitive load (C-Type)

Dimmer type: Trailing edge / Reverse phase

Please note the functioning of the dimmer and the power supply combination can never be predicted, it always needs to be tested in practice.
