Luis Enrique scores with a family fun day out for Barcelona F.C.

Today the Manager of Barcelona F.C. Luis Enrique surprised the entire team and their families by sending them to visit PortAventura Resort.

PortAventura, 6th November 2015 – The footballers at Barcelona F.C. and their families were surprised today with an unconventional day out devised by manager Luis Enrique. The scarlet-and-blue boys were treated to a fun family outing courtesy of the coaching staff. The team believes that days like this are a vital team training strategy. The team had fun with loved ones at PortAventura, the largest themed resort in Spain and a major European leisure destination.

By taking in a tour of the areas of *Polynesia*, *China*, *México*, *Far West*, *Mediterrània* and *SésamoAventura*, the reigning champions of Champions League and their families were able to explore the park and its most spectacular attractions: *Shambhala*, *Dragon Khan* and *Hurakan Condor*, amongst everything else on offer. The players did not want to miss any of the star attractions and plucked up the courage to tackle PortAventura's record-breaking roller coasters, where excitement and adrenaline-fuelled cries could be heard all around. The youngest members of the Barça family also had the opportunity to meet Woody and the friendly Sesame Street characters.

This is the first time that an entire team of players and their families have visited a theme park all together as a group. Although at this time in November the park is usually closed from Monday to Friday, today PortAventura Resort made an exception to open its doors exclusively for this special visit.

Everyone at PortAventura Resort is proud to have hosted this special occasion and to have played its part in organising this wonderful surprise for the players and their families.
