ABOUT US

Established in 1990 Acutest offer a technical instrument supply and service to the UK marketplace. From the humble beginnings of the two founding Directors the company has grown to become one of the UK's largest test equipment specialists now operating from multiple locations around the country. Employing around 80 dedicated staff members, the company has established itself as a leading player in the supply, hire, repair and calibration of test equipment.

CALIBRATION PLANNER

WHY CALIBRATE?

- ✓ To comply with regulations
- ✓ For quality control
- ✓ To maintain equipment safety

The Calibration Planner is a vertical flowchart consisting of six steps, each represented by a gear icon. Steps 01, 03, and 05 are blue, while steps 02, 04, and 06 are red. The steps are connected by a winding path.

- STEP 01**
QTY of instruments to be calibrated?
☐ 0-10 ☐ 10-50
☐ 50+
- STEP 02**
What service do you require?
☐ 3 or... ☐ ...5 day turn around
☐ On-site
- STEP 03**
What standard do you require?
☐ Traceable
☐ UKAS
- STEP 04**
How do you control your calibration?
☐ Own system
☐ On-line portal
- STEP 05**
What's your repair policy?
☐ Parts/Labour
☐ Fixed cost
- STEP 06**
Do you ever require emergency calibration?
☐ Yes
☐ No

“What makes us unique...”

QUALITY

We are certified to ISO 9001, ISO 14001 and ISO 45001. We are accredited to ISO 17025 by UKAS which is the highest level a commercial laboratory can achieve.

Our highly skilled engineers are both industry-trained and manufacturer-approved.

Our main calibration equipment is maintained to manufacturers' standards, by UKAS accredited laboratories.

FS 673489 EMS 644616 OHS 642358

“What makes us unique...”

VALUE

Acutest provide a gold-level standard service.

Dedicated account managers offer a single point of contact.

Professional easy-to-read certificates (digital or paper copies).

Scheduled calibration reminder emails.

Instrument cleaning and visual inspection as standard.

In-house high voltage calibration facilities at our service centres.

Appreciation training on new and existing products.

“What makes us unique...”

SERVICE

Choice of turnaround times: 1* / 3 / 5 days (*on-site calibration service).

Nationwide fleet of vans provide secure collection and delivery services.

4 strategically located repair and calibration centres ensure full UK-wide coverage.

Over 20 highly skilled engineers deliver our calibration and repair service.

MEGGER SVERKER 900 RELAY AND SUBSTATION TEST SYSTEM

The SVERKER 900 is the engineer's ultimate toolbox that addresses the increasing need for three-phase testing capability in electrical distribution substations, renewable power generation stations and industrial applications.

MEGGER SVERKER 900 APPLICATIONS:

- Commissioning and maintenance of distributed and generator power
- Protection relays
 - Electromechanical relays
 - Static relays
 - Numerical relays
- Plotting current transformer excitation curves
- Current and voltage transformer ratio tests
- Burden measurement for CT circuits
- Polarity (direction) tests

“What makes us unique...”

PORTALS ON-LINE

Easily view and manage your instruments' calibration status via our user-friendly dashboard.

Electronic certification provides a traceable history.

A list of approved instruments can be available to your staff to ensure compliance with your purchasing policy, with an optional checkout feature to buy at approved prices.

Help formulate your calibration and instrument supply policies.

24/7 access to on-line calibration certificates.

“What makes us unique...”

REPAIRS

Simplified costing structure (parts & labour or fixed prices).

Component-level repairs are undertaken in-house.

Test lead safety checks are carried out free of charge.

Battery replacement, where appropriate.

PAT test on repair completion (where applicable).

Authorised centre for key industry manufacturers.

“What makes us unique...”

CALIBRATION ON-SITE

The possibility of a production shutdown is greatly minimised or even eliminated with our on-site service!

On-site engineers resolve technical issues fast and efficiently.

Eliminates shipping costs, and larger bulky items can stay on-site.

Our on-site service means each piece of equipment can be calibrated within the environmental conditions it normally operates.

CAPABILITIES

		In-house	On-site
ACOUSTICS	Sound meters	Y	N
CHEMICAL	Water conductivity meters	Y	N
	Water pH meters	Y	N
DIMENSIONAL	Steel rules, engineers	Y	N
	Cable height meters	Y	N
ELECTRICAL	Ammeters, ac	Y	Y
	Ammeters, clamp-on	Y	Y
	Ammeters, dc	Y	Y
	Bridges and similar instruments, capacitance	Y	N
	Bridges and similar instruments, inductance	Y	N
	Bridges and similar instruments, resistance	Y	N
	Cable location / detection (Radiodetection 8kHz, 33Hz)	Y	Y
	Cable location / detection (22Khz)	Y	N
	Calibrators, multimeter	Y	N
	Calibrators, oscilloscope	Y	N
	Calibrators, temperature simulation	Y	N
	Capacitance boxes	Y	Y
	Capacitance meters	Y	Y
	Capacitors	Y	Y
	Current clamps, dc	Y	Y
	Current clamps, lf	Y	Y
	Current coils	Y	Y
	Current shunts	Y	N
	Current transformer test sets	Y	N
	Current transformers	Y	Y
	Dividers, high voltage ac	Y	N
	Dividers, high voltage dc	Y	N
	Frequency counters	Y	N
	Frequency meters	Y	Y
	Frequency standards	Y	N
	Insulation testers	Y	Y
	Loop testers	Y	Y
	Multimeters, analogue	Y	Y
	Multimeters, digital	Y	Y
	Oscilloscopes, all characteristics	Y	N
	Phase generators	Y	N
	Phase meters	Y	N
	Phase standards	Y	N
	Portable appliance testers	Y	Y
	Potentiometers	Y	Y
	Power factor meters	Y	N
	Power reference sources	Y	N
	Power supply units	Y	Y
	Pulse generators	Y	N
	RCD testers	Y	Y
	Resistance boxes	Y	Y
	Resistance meters	Y	Y
	Resistance thermometer indicators, electrical calibration	Y	Y
	Resistors, ac	Y	Y
	Resistors, dc	Y	Y
	Selective level meters	Y	N
	Tachometers, optical	Y	Y
	Thermistor mounts	Y	Y
	Thermocouple indicators, electrical calibration	Y	Y
	Voltage dividers and volt ratio boxes, dc	Y	Y

		In-house	On-site	
	Voltage Indicators (Low Voltage)	Y	Y	
	Voltage Indicators (High Voltage)	Y	N	
	Voltage measurement standards, ac	Y	Y	
	Voltage measurement standards, high voltage dc	Y	N	
	Voltage standards, ac	Y	Y
