

What you need. Where you need it.

- Over thirty pockets in six main storage compartments
- Rugged, waterproof bottom base protects tools, keeping the backpack upright for easy access to tools
- Clips, brackets and straps on the outside of the Fluke Pack30 for frequently used tools such as tape rolls, measuring tapes, voltage detectors
- Stores, organizes and protects test equipment, hand tools, safety glasses, and personal items like keys, wallet and phone
- Special pocket for tablet PCs and laptops 12 inches (30 cm) wide or smaller

Designed for the professional electrician

Backpacks offer a convenient method for organizing, storing and your carrying tools. Keeping all the tools you need in a single Fluke Pack30 means fewer trips back to the truck.

Plus, the Fluke Pack30 gives you a more comfortable solution than traditional tool belts that put all the weight on your lower back, or tool bags with awkward carrying straps. The Fluke Pack30 is a great solution for the electrician on the go!

Fluke Pack30 Professional Tool Backpack

Key reasons you should switch to the Fluke Pack30 Professional Tool Backpack

- Built to stand up to rough, on-the-job handling, with durable, high-quality polyester, and an injection molded, waterproof plastic base.
- Six primary storage compartments for storing test tools, hand tools, laptop or tablet, and other small items.
- Molded EVA covers for the front and top sections of the backpack for added protection.
- The backpack offers padding in the back for comfort and lumbar support.
- Adjustable chest strap for better weight distribution and increased comfort.
- Dimensions: 20 in x 13 in x 9.25 in (50.8 cm x 33 cm x 23.5 cm)
- One-year warranty
