## **Crowcon Tetra 3 product codes:**

T3 accommodates up to 3 sensors and can be configured with 1 oxygen, 1 flammable or CO2 IR (safe area only), and a mix of 1 or 2 toxic options (or the dual H2S/CO sensor to give 3 Toxic detection).

## Tetra 3 product codes take the form:

## T3-XXXXXXXX-A-XXX-Z

## Gas configuration codes:

XX = Sensor codes

A = remains for all T3s

XXX = Region & certification code

Z = remains for all T3s
