

British Values

“Tolerance towards others”

This week year 3 have been learning about the meaning of tolerance. We shared, as a class, our understanding of tolerance and what the word means to us. Here is what year 3 thought.

“It means respecting people even if they are different to you”

“Everyone should have the right to follow their own religion”

“Britain shows lots of tolerance. We are a country full of difference religions”

“Good listening”

“Tolerance means thinking of other people”

“Being respectful towards people with disabilities, different cultures and opinions”

We used all of our definitions to create our class meaning of ‘tolerance’. We created our own imaginary friend who reflected a person who showed this.
