

Hambrook School at Westonbirt Arboretum

Our new Reception Class are settled in and thoroughly enjoying “Big School”. They have already had their first school outing, heading off to the woods at Westonbirt Arboretum. In spite of a VERY rainy start to the day the elements were kind to us and we enjoyed a busy day full of beautiful autumn colour, muddy puddles and sticks.

We discovered the Gruffalo and all his friends,

found leaves of all different colours,

and built dens using long branches.

We had a fabulous but tiring day and we're looking forward to our next school visit.
