

**Dear parents:** .... year flying by and we are now into June. Six more weeks and we break up for Summer. Usually the happiest half-term of the year so enjoy and look out for all the events and dates on our website. Also do help out with the Summer Fair this year (see below).

### Attendance ....

Still running at around 98.16% which is great news well above the national average of around 96%. Persistent absence is also good @ 2.45% national 8% + Do keep up this high level for the rest of the Summer please.

### Tombola ....

Donations accepted from next week so bring in what you can and make it a bumper year.

**Pics of the week...** one of our best after school activities Marlon's Making Waves drama club and Aladdin. Pic 2 Marlon looks on, he is great. Year 4 concentrating on making and painting their clay Buddhas. The fish tank has arrived (fish next week), our Prayer Garden in the month of June and Yakob's Rose in full bloom in memory of a pupil aged 8 who died a few years ago. RIP.

**and finally ..** World Cup gets under way next week. Used to say I measured my life by World Cup and can even vaguely remember 1962 in Chile but no TV. 1966 West Ham won the World Cup and 1970 Pele and Mexico and our first colour TV .... Russia and Qatar can't get excited about sadly. Be happy .....
