

Dear parents: one parent said this week that if my name was on a letter nobody read it!. Anyway hope you enjoy this weeks Newsletter, one can but try. Very good turn out for parent consultations and will give final attendance data next week. One parent said that three meetings a year is far too many to attend, but one can but offer. Anyway Year 6 are proving a spirited and keen group of pupils. Every Year 6 cohort is different and this years are really enthusiastic which is great for the school. Please do co-operate with them whether it be following directions, wearing a lanyard for security and child safety purposes, obeying simple traffic rules or not dropping litter. These pupils are our future. Below new protocols for Class Dojo and the finale of the Bodyguard and who done it and..... all is revealed below.

Class Dojo new protocols....

A report last week described how more and more people are becoming addicted to their phones and social media all around the world. The science is growing on how this is basically frying the human brain and leading to increased mental health issues. Class Dojo is not another form of Facetime, Vevobook, Snapgram or Instachat or whatever. It is a tool to help with behaviour in schools and build resilience in children. Increasingly teachers have been receiving messages after school, at weekends or late at night after people come home and relax after work. Please read and follow the protocols attached and more on this subject next week.
