

**Dear parents:** .... really enjoyed last Friday's Summer Fair. A beautiful evening in June and a great turn out. Nice atmosphere in the sun and a very busy raffle stall at the end with no dramas. Stars of the show were Florence and her team + her Ghanaian curry goat and her vegan stew with rice. Florence packs flavour in her food and was singing and dancing all evening. We really have a great team in our kitchen. So many pictures to see from the last few days that I will do a special newsletter when I have a spare second as I am only human after all. Meanwhile enjoy the heat and somebody told me tonight's play 'Oliver' is amazing. Stage set looks awesome. Everything will be alright on the night ....

### Cycle safety

Everyone is now following this very simple rule **no riding bikes or scooters inside school**. So well done and safe riding. On a personal level twice this week I have either had to slam on my brakes or urgently swerve to avoid cyclists. Why?? In both cases male bike riders in all the gear ..... staring at their mobile phones while cycling for reasons unknown. Unreal. Please warn your children about this. I cycled all over London and the UK for about 20 years but no mobile phones when we were young.
