

**Dear parents: .... My highlights were Bishop Mike Curry bringing Chicago to Windsor and also the divine music which was so uplifting. Also always love seeing the Horse Guards when they parade through the streets. Britain still can do pomp and pageantry really well. Remember years ago seeing Mandela riding down the Mall with the Queen on a lovely hot day in a similar procession. Took year 6 down that year as well. Enjoy half-term and have a lovely break with your families.**
