

# SKOOLBO

Today we are delighted to have launched Skoolbo with the children in our Whole School Assembly this morning. Skoolbo is an online learning resource which contains over 10,000 learning activities and games in reading, writing, spelling, maths, languages, science, music, art and brain training. There are rewards within Skoolbo to motivate the children to collect points for correct answers. Hopefully the children will be excited to get started with their Skoolbo learning adventure!

Your child should have brought home their own log-in card today along with this letter. All they have to do is go to [www.skoolbo.co.uk](http://www.skoolbo.co.uk) and use the details on their log-in card to access the activities and games. It is also available as a FREE Apple and Android app – just search for ‘Skoolbo’ on the app store and log in using the same details on the log-in card.

We’ll be using Skoolbo in school too and will be awarding the child who earns the most points each week with a ‘Skoolbo Champion’ certificate and trophy. This will be awarded in our weekly Achievement Assembly each Friday morning.

We hope that the children will enjoy using Skoolbo, both at school and at home, and we’re sure that it will help them with their learning in a fun, engaging way!

Thank you for your continued support.
