

# Photographic Consent Form

Lanchester EP Primary School recognises its responsibility to ensure the welfare and safety of children and young people and to comply with the Data Protection Act 1998.

We use photographs and videos for a number of reasons including celebrating and recording children's successes. These images or videos may be used on display boards in school, on our website and our social media site, and in promotional school materials, as well as occasionally in external print media, such as newspapers.

Modern technology means that images shared via the internet can be shared onto other sites and platforms by any third parties. As part of our teaching of Online Safety we use social media in school to model good behaviour in terms of what is and is not appropriate to share when posting online. Pupils are taught that 'personal information' should never be shared alongside images online.

We also believe that it is important for families to celebrate children's successes and for that reason at some events we may allow parents/carers to take photographs and/or videos. We will remind parents/carers prior to the event that any photographs or videos taken should not be uploaded to their own personal social media.

**I give consent for you to record and use images or videos of my child in the following ways:** (Tick to show consent)

Website and Social Media (e.g. Twitter)	
General Publicity (includes use by the local authority and for training purposes)	
Use by the press and other broadcast media	
Use, as part of a collage, within other children's school books as a teaching and learning tool	

**In addition I confirm that:-**

I give consent for my child to be photographed by other members of the school community (Parents/Carers) during school events (e.g. School Nativity).
