

The BIG Picture- Yr 5 Autumn 1

Earth & Space

Maths

In Maths this half term we will be covering the first three units of maths no problem. We will begin with place value before moving onto addition and subtraction. We will be covering much of the missed year 4 skills too.

Science – Earth and Space

- To compare the earth, sun and moon.
- To understand distances between the sun, earth and moon.
- To understand why we have night and day
- To consider why we have seasons
- To understand the movement of other planets in our solar system.
- To understand the phases of the moon.

Literacy

Speaking & Listening: To use relevant strategies to develop vocabulary. Participate in discussions, presentations, performances, role play, improvisations and debates.

Reading-Infinite lives of Maisie Day : To consider and explain characters different views of the situation. To tell a story from a characters point of view.

To make predictions using evidence from the text. To understand character motives based on actions.

Writing:

Exploring the year 5 writing rainbow, using various features based around the book Cosmic. Children will be focusing on expanding their vocabulary and experimenting with sentence structure.

ART/Design

Study of the moon using chalk and oil paints

Design a rocket ship

R.E.

The ourselves topic looks at how unique we are, what talents and qualities we have and what makes us who we are.

History & Geography

History & Geography blocked for Autumn 2
