

# Homework Grid - Who were the most successful: the Inca, the Aztec or the Maya?

## CHOOSE ONE ITEM TO COMPLETE PER WEEK

Do you know who the Inca were? What about the Maya? Or the Aztec?

Three civilisations that dominated central and South America in the past few thousand years. But what's so special about them anyway? Your task, should you choose to accept it, is to immerse yourself in these three ancient cultures. You're to delve deep into the world of the Inca, to hone in on the Aztec people and to step in the footsteps of the Maya.

They say it takes 10,000 hours to become an expert, but you've got far less than that to become a wiz on this subject. Can you be the best expert in your group? What about your class?

For evidence, you could bring in something as simple as a few photographs or a brief video, or you could be adventurous and create a model or a full folder of your work. High Expectations!
