

Fourlanesend Curriculum

Our curriculum is ever changing to meet the needs of our children and ensure coverage of the National Curriculum. It is flexible and often based around ideas from children, parents and members of the community. It is monitored termly by staff to ensure that it is meeting the needs of every learner – all children have access to a broad and balanced curriculum. Following this monitoring and staff training our curriculum continues to evolve. We plan a whole school topic, with the focus being on 'authentic' learning starting from an essential question, classes working together and learning from each other concluding with a whole school outcome. Our curriculum is accessible to everyone and is tailor made to meet the needs of the children in the school at any particular time.

The content of our curriculum ensures coverage of the National Curriculum 2014. Parents and members of the public can find out more details at <https://www.gov.uk/government/publications/national-curriculum-in-england-primary-curriculum>

Details of what we have covered and what are covering can be found on our website. Each class produces a half termly newsletter which gives details for every subject.

In KS1 and Foundation Stage we use letters and sounds for teaching phonics. More details can be found at <https://www.gov.uk/government/publications/letters-and-sounds>
