

Nursery News 18

July 12th 2019

Over the last two weeks ...

We have been continuing our topic 'On the Move' by learning about different types of transport. Last week we focused on transport which moves in the air including aeroplanes, rockets and hot air balloons. We talked about what happens at the airport and on an aeroplane and practised packing a suitcase to travel to a hot country. This week we have been thinking about vehicles which move on the ground including trains, buses and cars. The children have been telling us about their own experiences of travelling on different types of transport.

Next Week...

We will be learning about emergency vehicles, including fire appliances, ambulances and police cars. We will also be talking about starting Reception and helping the children to think about the transition between nursery and their next class. We have several children who are moving to different schools so will be talking about moving classes generally, not just focused on this school.

Thank you

For supporting our Sports Day – the children had a lovely time and we hope you enjoyed it too!

Water Fun Day – Wednesday 17th July

Next Wednesday morning we will be doing lots of fun activities with water in the nursery playground. Please send your child to nursery wearing swimming things and shoes which can get wet, e.g., flip flops. They will also need a named bag with a named towel and a set of clothes which they can change in to for the afternoon – t-shirt/shorts would be ideal. They won't need to wear any uniform that day. Please make sure they are wearing sun cream when they arrive. Thank you!

Dates to note:

Tuesday 23rd July: Move Up Morning. This will take place during the normal nursery session so please bring your child to their nursery class as usual. If they don't normally attend on a Tuesday please bring them to the main school reception at 9.25am, wearing their school uniform, and collect them from there at 11.30am.

Wednesday 24th July: Last day of term – normal nursery sessions.
