

Templemoor
Infant and Nursery School

Friday 13th March 2020

Dear Parents/ Carers,

Coronavirus (COVID-19) Update

You will no doubt be following the daily news about the current Coronavirus (COVID-19) situation. Please be assured that we are continuing to receive regular updates from Public Health England and the Department for Education regarding this matter and we are following their guidelines to the letter. For more information please follow the government guidance at <https://www.gov.uk/government/topical-events/coronavirus-covid-19-uk-government-response>

After the Government announcement yesterday evening, I am writing to advise that:

Anyone with a 'new continuous' cough and/ or a high temperature is now advised to self-isolate for 7 days.

There is currently no cause for concern at the school, and we will continue to keep you informed if there are any new developments.

Parents and carers should actively encourage all children to frequently wash their hands with soap and water and make sure that they cough or sneeze into a tissue, put it in a bin and wash their hands. These are the things that we are actively encouraging throughout the school day.

The school is ensuring that all classrooms and communal areas continue to be given a thorough daily clean.

Whilst I do not want to cause any alarm, I do feel it is important for us to continue to work together to try and minimise the risk of infection and I appreciate your full support during this period.

If you have any further concerns or questions, please do not hesitate to contact the school.

Best wishes,

A handwritten signature in black ink that reads 'S Hodgson'.

Mr Hodgson
Headteacher
