

1. Introduction

Following the success of the 2012 London Olympics, the government is providing additional funding of £150 million to improve the quality and breadth of physical education (PE) in primary schools.

Schools receive PE and sport premium funding based on the number of pupils in Years 1 to 6. Schools with 17 or more eligible pupils receive £8,000 and an additional payment of £5 per pupil.

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that schools must use the premium to:

- develop or add to the PE and sport activities that a school already offers.
- make improvements now that will benefit children joining the school in future years.

The provision of sport is really important to us at Templemoor Infant and Nursery School. We have been using our sports premium to further improve the provision in our school.
