

My name is Claire Ollerenshaw, I have two children at Dobwalls Primary School and am new to the role as a Parent Governor. I am local to the area, having grown up just outside Liskeard, I work within the local area too. I am committed to supporting Dobwalls Primary School in providing our young people with an education of the highest quality. I have worked in education for the past 15 years as a Secondary Mathematics Teacher, more recently within SMART and hope to support the Local Governing Committee with my experience in Teaching & Learning.
