

# Reception Peek @ the Week

## This week...

All of the caterpillars have now transformed into chrysalides and have been moved into the butterfly garden, so now we are just watching and waiting to see when they will emerge as butterflies.

## Home learning...

Ask your child to talk to you about the caterpillars and what they have learned about them. Encourage them to use the pictures to talk through the changes which have taken place.

## Healthy Teeth...

On Wednesday we had a visit from Kim, a dental nurse from Torrington Dental Practice. She spent the morning teaching us about how to look after our teeth, including how to brush teeth properly, which foods are good/bad for our teeth and the importance of visiting the dentist.

She reminded all of the children that they should only have water in their drink bottles, as sipping other drinks throughout the day is one of the biggest causes of tooth decay in children. Please help us to keep your child healthy by only filling their bottles with water.

We hope you have a great weekend,

The Reception Team

## Reading Superstars...

Well done.....

William, Benjamin,  
Charlie O, Lillie,  
Josie, Alfie M,  
Robyn, Alfie R and  
Emily

You have read  
every day
