

Reception Peek @ the Week

This week all of the children have taken part in Bikeability sessions. The children have been taught how to steer and use their brakes, to lean when going round a corner and how to push, balance and glide. It has been amazing to see the progress they have made throughout the week and how much their confidence has grown day by day.

Milk...

If your child is 5 years old they will no longer receive free milk at snack time. If you still want your child to have milk in school you can register them at www.coolmilk.com

Reading...

Now that we have settled back in after the Christmas holidays, please can you support your child by listening to them read every night, the more they rehearse their skills the more progress they will make. The children will begin learning new sounds again next week so please make sure they bring their Letters and Sounds pack into school on Friday.

Have a lovely weekend,
The Reception Team
