Thursday 28<sup>th</sup> February 2019

Dear parents/carers,

We would like to share with you a wonderful new resource that we have subscribed to, called **Spelling Shed**. This resource is a website that children can use to play games individually or against other players, to help make learning spellings/phonics much more fun!

On Spelling Shed, children have an avatar which they can personalise, and the games that they play enable them to earn rewards which they can spend on new outfits for their avatar. They can also be part of their class leader board. The website can be accessed both at home and at school.

Teachers will set spelling games linked to their weekly spelling objectives when they plan their lessons each week, and we would urge you to encourage your children to play on these games, to help them to learn their weekly spellings/practise their phonics objectives, as this is an important part of their curriculum work.

Log in names and passwords and the website link (and a QR code) are glued in your child's learning diary. The website is <https://play.edshed.co/login>

May we also take this opportunity to remind you that we also use Interactive Resources, a maths website, to teach maths in school, and teachers update your child's class area regularly with games linked to their current maths objectives. The username and password for this website are both epspupil. The website is <https://www.interactive-resources.co.uk/> Please encourage your children to play the games on this website, to help them with their maths work.

If you have any questions, please don't hesitate to contact your child's class teacher.

Kind regards,

Mrs Dixey and Miss Warburton (English Subject Leader)
