

Friday 6th November

LC : I can solve problems involving subtraction by counting back

Eva is calculating  $7 - 2$  and does this by counting backwards on a number line.

She gets an answer of 6

What mistake has she made?  
What should the answer be?

---

The answer is 2

How many ways can you get to this by counting backwards on this number line?

---

## Game

Race to zero!

Start at 10 on a number line.

Roll a dice and subtract this amount.

The first person to land on 0 wins.

What would you like to roll? Why?

Why would you not want to roll a 1?
