

In **English**, we will be reading and learning several Greek myths, and we will invent our own version of a Greek myth. We will write character descriptions, describe settings and create exciting stories. We will research the Greek gods and present our findings.

In **Art/DT** we will be looking at Greek art, including the patterns and colours they used. We will be designing and making our very own pots!

In **Geography** we will be finding out about Greece, and identifying cities and places in Ancient Greece.

In **History** we will study life in Ancient Greece and consider its influence on life in the modern world

In **RE** we will be learning about what makes some books sacred. We will be learning the key sacred texts for believers and how books can guide us in our lives.

### Homework

Spellings will be handed out on a Monday to be completed/learnt at home. Spellings will be tested later in the same week. We will be learning the 2 and 4 x tables. Please use TT Rockstars at home and check Mathletics for homework.

Please also choose one of the home learning activities to complete and send into school on **Wednesday 10th October**.

In **PE** we will be focussing on athletics and using a variety of skills including throwing, jumping and running. We will also be creating group dance sequences inspired by life in Ancient Greece.

# Gods and Mortals

This term we will be finding out about life in Ancient Greece!

In **Computing** we will be using the internet to research topics linked to our theme. We will be learning to search responsibly and safely. We will also be looking at computer hardware and identifying input and output devices.

In **Maths** we will be::

- Learning the value of a digit in numbers to 1000
- Learning to add and subtract using column methods.
- Practising our number skills daily
- Consolidating our learning of the 2, 5 and 10x tables off by heart
- Learning the 4 x table
- Learning the corresponding division facts for all of the above times tables

In **Science** we will be learning about sources light. We will find out how light is reflected. We will investigate how materials can be translucent, transparent or opaque.

In **French**, we will be learning the numbers 1-10 and greetings.

In **Music** we will be learning to play the clarinet.

## Year Three Topic Overview Autumn Term 1
