Steggie's Stammer - Jack Hughes

Steggie has a stammer and sometimes it takes her a bit longer than others to get her words out. Her friends are in a hurry to play a game and rush off without listening to her warning into the Deep, Dark and Scary Forest. Before long, the friends get into trouble and it's up to Steggie to rescue them. But will they listen to her advice? Endorsed by the British Stammering Association, this gentle book tells the tale of Steggie the dinosaur and how her friends help her cope with her stammering.

First Place - Kate Gaynor

This book helps children realize that many other children just like them have to contend with similar speech difficulties. Through the main character, children learn that they can overcome their speech problems by working closely with their speech therapist and not being afraid to try. The book also gives parents an opportunity to discuss any feelings or anxieties that the child may have as regards their speech difficulty.
