1.5 We recognise that all staff and member of the Local Council have a full and active part to play in protecting our pupils from harm, and that the child’s welfare is our paramount concern.

1.6 All staff believe that our school should provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child.

2. OVERALL AIMS

2.1 This policy will contribute to safeguarding our pupils and promoting their welfare by supporting the child’s development in ways that will foster security, confidence and resilience.

2.2 Providing an environment in which children and young people feel safe, secure, valued and respected, feel confident and know how to approach adults if they are in difficulties.

2.3 Raising the awareness of all teaching and non-teaching staff of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse.

2.4 Providing a systematic means of monitoring children known or thought to be at risk of harm, and ensure we, the school, contribute to assessments of need and support plans for those children.

2.5 Acknowledging the need for effective and appropriate communication between all members of staff in relation to safeguarding pupils.

2.7 Developing effective working relationships with all other agencies involved in safeguarding children. Including appropriate work within the curriculum.

2.8 Ensuring that all adults within our school who have access to children have been checked as to their suitability. This includes other community users of our facilities.

1 Safeguarding (as defined in the Joint Inspector’s Safeguarding report) is taken to mean “All agencies working with children, young people and their families take all reasonable measures to ensure that the risk of harm to children’s welfare are minimised” and “where there are concerns about children and young people’s welfare, all agencies take all appropriate actions to address those concerns, working to agree local policies and procedures in full partnership with other agencies”.

The DSL or another member of the designated Safeguarding Team will always be available to staff during school hours.

5.3 We have members of staff in the Care Team who will act in the Designated Safeguarding Lead (DSL) absence who have also received multi-agency training at the same level, and who have extensive experience in the role.

5.4 All members of staff are provided with opportunities annually to receive INSET training by the Designated Safeguarding Lead (DSL) [or other recognised trainer] in order to develop their understanding of child protection and in particular the signs and indicators of abuse. All staff are required to complete a PREVENT training module. Regular updates are also delivered through staff briefings.

5.5 All staff will be prepared to identify pupils who may benefit from early help. Staff have been trained to understand the early help process and are prepared to identify students who may benefit from such support

5.6 All members of staff, volunteers, and governors know how to respond to a pupil who discloses abuse, and the procedure to be followed in appropriately sharing a concern of possible abuse or a disclosure of abuse.

5.7 All parents/carers are made aware of the school's responsibilities in regard to child protection procedures through publication of the school's Safeguarding and Child Protection Policy on the website.

5.8 Our lettings policy will seek to ensure the suitability of adults working with children on school sites at any time.

5.9 Community users organising activities for children are aware of and understand the need for compliance with the school's child protection guidelines and procedures.

5.10 Our recruitment and selection policy includes all appropriate checks on staff suitability including Enhanced Disclosure and Barring Service checks on all staff, including members of the Local Council. A number of individuals have completed Safer Recruitment Training* (i.e. Headteacher, Deputy Head, Assistant Head, Office Manager, Director of Finance and nominated members of the Local Council. A selection of these individuals will be used to make up recruitment panels.

5.11 The name of any member of staff considered not suitable to work with children will be notified to either the Disclosure and Barring Service or the relevant Government Department/Agency (where appropriate), depending on the nature of the concern, with the advice and support of Local Authority Personnel and/or Lynn Dickens, Local Authority Designated Officer.

5.12 Our procedures will be annually reviewed and up-dated.

5.13 The name of the Designated Safeguarding Leads (DSL) and Deputy Designated Safeguarding Lead (DSL) will be clearly shown in the school, with a statement explaining the school's role in referring and monitoring cases of suspected abuse.

5.14 All adults, (including supply teachers, non-teaching staff and volunteers), new to our school will be directed to a copy of the Safeguarding and Child Protection Policy, the card "Safeguarding and Child Protection at LCPS", and the name and contact details of the Designated Safeguarding Leads (DSL) will be explained as part of their induction into the school.

6. RESPONSIBILITIES

6.1 We understand that our responsibility to safeguard children requires that we all appropriately share any concerns [as soon as a staff member or volunteer suspects/knows of a concern] that we may have about children. The first point of contact is a Designated Safeguarding Lead (DSL), Deputy Designated Safeguarding Lead (DDSL) or other member of the Care Team (in their absence). The Designated Safeguarding Lead will inform the Headteacher of the referral. If any staff member is involved, the report is made to the Headteacher. If the Headteacher is involved then the Chair of the Local Council should be informed. If the CEO is involved then the Chair of the Trust Board.

6.2 The Designated Safeguarding Lead (DSL) is a member of the School Leadership Team and is responsible for directly or via the Deputy Designated Safeguarding Leads (DDSLs):-

6.2.1 Referring by telephone, 01642 130700 (Office hours) 01642 524552 (Out of office hours), a child's details if there are concerns about his/her welfare, possible abuse or neglect to Children's Social Care. A written record of the referral will be emailed to southteesmach@redcar-cleveland.gov.uk (using the Tees Multi-Agency Safer Referral Form found at <http://www.teescpp.org.uk/> within one hour of the telephone call or as soon as possible within the school day.

6.2.2. Referring to the Police details of any known crime committed against a child.

6.2.3 Ensuring that written records of concerns about a child are kept even if there is no need to make an immediate referral. Such records will be maintained using our secure online system, CPOMS.

6.2.4 Ensuring that all such records are kept confidentially and securely, via CPOMS and are separate from general pupil records, with a front sheet listing dates and brief entry to provide a chronology.

6.2.5 Ensuring that an indication in SIMS of further record-keeping (e.g. a separate child protection file) is marked on the pupil records, to indicate some involvement with the care team via CPOMS

6.2.6 If a student moves from our school, child protection records will be forwarded on to the Designated Safeguarding Lead at the new school, with due regard to their confidential nature and in line with current government guidance on the transfer of such records. Direct contact between the two schools may be necessary, especially on transfer from primary to secondary schools. We will record where and to whom the records have been passed and the date. A receipt will be obtained in such transfers.

6.2.7 If sending by post pupil records will be sent by "Special/Recorded Delivery". For audit purposes a note of all pupil records transferred or received should be kept in either paper or electronic format. This will include the child's name, date of birth, where and to whom the records have been sent and the date sent and/or received. The Child Protection file will always be sent separately to the main pupil file, with a confirmation of receipt requested.

6.2.8 Acting as a focal point for staff to discuss concerns and liaising with other agencies and professionals.

6.2.9 Attending (or delegating this requirement to another appropriately informed member of staff) Common Assessment Framework (CAF) meetings, case conferences, family support

meetings, core groups, or other multi-agency planning meetings, contributing to the Framework for Assessment process, and providing a report which has been shared with the parents.

6.2.10 Ensuring that any pupil currently with a child protection plan who is absent without explanation is referred to their key worker in Children's Social Care.

6.2.11 Ensuring that all school staff are aware of this policy and know how to recognise and refer any concerns.

6.2.12 Providing, with the Headteacher, an annual report for the Local Council, including any changes to the policy and procedures; training undertaken by the Designated Safeguarding Lead and by all staff and council members; relevant curricular issues, number and type of incidents/cases, and number of children referred to Children's Social Care and subject to a child protection plan (anonymised) etc.

6.2.13 Keeping up to date with knowledge to enable them to fulfil their role, including attending relevant training provided by the STSCP, the Local Authority or the Trust.

7. SUPPORTING CHILDREN

7.1 We recognise that a child who is abused, who witnesses violence or who lives in a violent environment may feel helpless and humiliated, may blame him/herself, and find it difficult to develop and maintain a sense of self-worth.

7.2 We recognise that the school may provide the only stability in the lives of children who have been abused or who are at risk of harm.

7.3 We accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal, too aggressive or being withdrawn.

7.4 We also acknowledge that additional barriers can exist when recognising abuse and neglect of pupils with SEN and disabilities. Our Designated Safeguarding Lead is also the SENDCo.

7.5 Our school will support all pupils by:

7.5.1 Encouraging the development of self-esteem and resilience in every aspect of school life including through the curriculum.

7.5.2 Promoting a caring, safe and positive environment within the school.

7.5.3 Liaising and working together with all other support services and those agencies involved in the safeguarding of children.

7.5.4 Notifying Children's Social Care as soon as there is a significant concern.

7.5.5 Ensuring that a named member of staff is designated for Looked After Children (LAC) and that an up to date list of LAC is regularly reviewed and updated. The Virtual School for Children and Young People in care must be made aware of all LAC in the school.

7.5.6 Providing continuing support to a pupil (about whom there have been concerns) who leaves the school by ensuring that such concerns and school medical records are forwarded under confidential cover to the Head at the pupil's new school as a matter of **urgency**.

8. CONFIDENTIALITY

8.1 We recognise that all matters relating to child protection are confidential.

8.2 The Headteacher and Designated Safeguarding Leads' (DSL) knowledge of a situation will improve their ability to deal with an individual pupil/family. A written record will be made of what information has been shared, with whom, and when.

8.3 All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.

8.4 All staff must be aware that they cannot promise a child to keep secrets, which might compromise the child's own safety or well-being, or that of another child.

8.5 We will always undertake to share our intention to refer a child to Children's Social Care with their parents/carers consent unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with the Children's Social Care First Contact Team.

9. SUPPORTING STAFF

9.1 We recognise that staff working in the school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm may find the situation stressful and upsetting.

9.2 We will support such staff by providing an opportunity to talk through their anxieties and concerns with the Designated Safeguarding Leads (DSL) and to seek further support where necessary.

9.3 We recognise that designated staff should have access to support (as in 9.2 above) and appropriate workshops, courses or meetings as organised or arranged through the Local Authority. Supervision for DSLs is carried out every half term to review and challenge decisions made by individuals within the safeguarding process.

10. ALLEGATIONS AGAINST STAFF

10.1 All school staff should take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents to be conducted in view of other adults.

10.2 All staff should be aware of the Whole School Behaviour Policy. This can be found on the website and is part of the induction process.

10.3 All staff should be aware of the Guidance for Safer Working Practices for Adults who work with Children and Young People.

10.4 All staff will sign the Online Acceptable Use Agreement. This sets out responsibilities for all staff, ensuring they have an up-to-date awareness of online safety matters and all digital communications with pupils/parents/carers should be a professional level and only carried out using official school systems.

10.5 We understand that a pupil may make an allegation against a member of staff:-

10.5.1 If such an allegation is made, the member of staff receiving the allegation will immediately inform the Headteacher or the most senior teacher if the Headteacher is not present.

10.5.2 The Headteacher/senior teacher on all such occasions will immediately discuss the content of the allegation with Lynn Dickens the Local Authority Designated Officer (LADO) and follow the process for managing the concern laid down in the Tees Safeguarding Children Partnerships' Procedures (www.teescpp.org.uk)

10.5.3 If the allegation made to a member of staff concerns the Headteacher, the person receiving the allegation will immediately inform the Chair of Governors who will consult as in 10.5.2 above, without notifying the Headteacher first.

10.5.4 In all occasions identified in 10.5.2 and 10.5.3 above, the school will follow the Tees Safeguarding Children Partnerships' Procedures for managing allegations against staff and volunteers.

10.5.5 Suspension of the member of staff against whom an allegation has been made needs careful consideration, and we will consult (as in 10.5.2 above) in making this decision.

10.5.6 In line with this policy and other school procedures for incident reporting/recording, staff and pupils may provide accounts of events, which will be stored under our own secure systems and may be produced in the event of any allegation. However, such accounts must not constitute an official statement and the reporting person must not be questioned over their disclosure at this stage.

10.5.7 Our lettings agreement for other users requires that the organiser will manage the suspension of adults where necessary from school premises.

11. WHISTLEBLOWING

11.1 We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.

11.2 All staff should be aware of their duty to raise concerns about the attitude or actions of colleagues. If necessary, they should speak to the Chair of the Local Council, Chair of the Trust Board or Lynn Dickens, Local Authority Designated Officer.

12. PHYSICAL INTERVENTION/POSITIVE HANDLING

12.1 Our policy on physical intervention/positive handling by staff is set out separately, as part of our Inclusion Policies.

12.2 Such events should be recorded and signed by a witness or witnesses.

12.3 Staff who are likely to need to use physical intervention will be appropriately trained.

12.4 We understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection or disciplinary procedures.

13. ANTI-BULLYING

13.1 Our policy on the prevention and management of bullying is set out in a separate policy and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures.

14. RACIST INCIDENTS

14.1 Our policy on racist incidents is set out within the Behaviour Policy and incidences are recorded and monitored.

15. DOMESTIC ABUSE

15.1 Our response on Domestic Abuse is set out in the Child Protection guidance from Tees Safeguarding Children Partnerships' Procedures (please see www.teescpp.org.uk and search 'domestic abuse'). It recognises that exposure to domestic abuse can have a serious impact on a child's development and emotional well-being and acknowledges that staff themselves can be victims or perpetrators of domestic abuse.

15.2 We engage with Cleveland Police via 'Operation Encompass', the aim of which is to share information regarding pupils who have witnessed a DA incident which Police have attended. This aims to ensure pupils' emotional wellbeing are paramount and that school can ascertain how the incident may have, or continue to put the child at risk.

16. OUR ROLE IN THE PREVENTION OF ABUSE

16.1 We recognise that the school plays a significant part in the prevention of harm to our pupils by providing pupils with effective lines of communication with trusted adults, supportive friends and an ethos of protection.

16.2 The school community will therefore:

16.2.1 Establish and maintain an ethos, which is understood by all staff, which enables children to feel secure and encourages them to talk knowing that they will be listened to.

16.2.2 Ensure that all children know there is an adult in the school whom they can approach if they are worried or in difficulty.

16.2.3 We will provide opportunities for pupils to develop skills, concepts, attitudes and knowledge that promote their safety and well-being.

16.2.4 The curriculum relevant issues will be addressed through the Linthorpe Life Skills and SMSC curriculum, for example self-esteem, emotional literacy, assertiveness, power, sex and relationship education, internet safety and bullying.

16.2.5 Relevant issues will be addressed through other areas of the curriculum, for example, circle time, English, History, Drama, Art, ICT.

16.2.6 All of our policies, which address issues of power and potential harm, for example bullying, equal opportunities, positive handling, behaviour, will be linked to ensure a whole school approach.

16.2.7 Our safeguarding policy cannot be separated from the general ethos of the school, which should ensure that pupils are treated with respect and dignity, taught to treat each other with respect, feel safe, have a voice, and are listened to.

17. SAFEGUARDING PUPILS WHO ARE VULNERABLE TO EXTREMISM

17.1 Since 2010, when the Government published the Prevent Strategy, there has been an awareness of the specific need to safeguard children, young people and families from violent extremism. There

have been several occasions both locally and nationally in which extremist groups have attempted to radicalise vulnerable children and young people to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.

17.2 Linthorpe Community Primary School values freedom of speech and the expression of beliefs/ ideology as fundamental rights underpinning our society's values. Both pupils and teachers have the right to speak freely and voice their opinions. However, freedom comes with responsibility and free speech that is designed to manipulate the vulnerable or that leads to violence and harm of others goes against the moral principles in which freedom of speech is valued. Free speech is not an unqualified privilege; it is subject to laws and policies governing equality, human rights, community safety and community cohesion.

17.3 The current threat from terrorism in the United Kingdom may include the exploitation of vulnerable people, to involve them in terrorism or in activity in support of terrorism. The normalisation of extreme views may also make children and young people vulnerable to future manipulation and exploitation. Linthorpe Community Primary School is clear that this exploitation and radicalisation should be viewed as a safeguarding concern.

17.4 Definitions of radicalisation and extremism, and indicators of vulnerability to radicalisation are in Appendix Four.

17.5 Linthorpe Community Primary School seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to religious ideologies, or to Far Right/Neo Nazi/White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.

17.6 The school governors, the Headteacher and the Designated Safeguarding Lead (DSL) for Safeguarding will assess the level of risk within the school and put actions in place to reduce that risk. Risk assessment may include consideration of the school's RE curriculum, SEND policy, assembly policy, the use of school premises by external agencies, integration of pupils by gender and SEN, anti-bullying and other issues specific to the school's profile, community and philosophy.

17.7 When any member of staff has concerns that a pupil may be at risk of radicalisation or involvement in terrorism, they should speak with the Designated Safeguarding Lead (DSL).

17.8 Numerous factors can contribute to and influence the range of behaviours that are defined as violent extremism, but most young people do not become involved in extremist action. For this reason the appropriate interventions in any particular case may not have any specific connection to the threat of radicalisation, for example they may address mental health, relationship or drug/alcohol issues.

18. SAFEGUARDING PUPILS WHO ARE VULNERABLE TO EXPLOITATION, TRAFFICKING, HONOUR BASED VIOLENCE, INCLUDING FEMALE GENITAL MUTILATION AND FORCED MARRIAGE

18.1 Our safeguarding policy above through the school's values, ethos and behaviour policies provides the basic platform to ensure children and young people are given the support to respect themselves and others, stand up for themselves and protect each other.

18.2 Our school keeps itself up to date on the latest advice and guidance provided to assist in addressing specific vulnerabilities and forms of exploitation.

18.3 Our staff are supported to recognise warning signs and symptoms in relation to specific issues and include such issues in an age appropriate way in their curriculum.

18.4 Our school works with and engages our families and communities to talk about such issues.

18.5 Our staff are supported to talk to families about sensitive concerns in relation to their children and to find ways to address them together wherever possible.

18.6 Our Designated Safeguarding Lead knows where to seek and get advice as necessary.

18.7 Our school brings in experts and uses specialist material to support the work we do.

19. WHAT WE DO WHEN WE ARE CONCERNED

19.1 Where risk factors are present but there is no evidence of a particular risk then our Designated Safeguarding Lead (DSL) advises us on preventative work that can be done within school to engage the pupil into mainstream activities and social groups. The Designated Safeguarding Lead (DSL) or other operational safeguarding staff will work with the pupil's family, sharing the school's concern about the pupil's vulnerability and how the family and school can work together to reduce the risk.

19.2 In this situation, depending on how worried we are and what we agree with the parent and the pupil (as far as possible) –

- The Designated Safeguarding Lead (DSL) or other operational safeguarding staff can decide to notify The Early Help Hub of the decision so that a strategic overview can be maintained and any themes or common factors can be recognised; and
- The school will review the situation after taking appropriate action to address the concerns.

19.3 The Designated Safeguarding Lead (DSL) or other operational safeguarding staff will also offer and seek advice about undertaking an early help assessment such as the family Common Assessment Framework (CAF) and/or making a referral to Children, Young People and Families and sharing information with police via CSE VEMT Partner Information Form.

19.4 In accordance with Female Genital Mutilation Act 2003 and the Serious Crime Act 2015, staff have been trained to understand their legal duty to report any confirmed cases of FGM to the police. Staff understand that this responsibility lies with themselves, however can be undertaken with support of the safeguarding team.

20. HEALTH & SAFETY

20.1 Our Health & Safety policy, set out in a separate document, reflects the consideration we give to the protection of our children both physically within the school environment, and when away from the school when undertaking school trips and visits.

ACTION WHEN A CHILD HAS SUFFERED OR IS LIKELY TO SUFFER HARM

This diagram illustrates what action should be taken and who should take it when there are concerns about a child. If, at any point, there is a risk of immediate serious harm to a child, a referral should be made to children’s social care immediately.

All staff are aware of the internal procedures when there is a suspected risk of immediate and serious harm to a child;

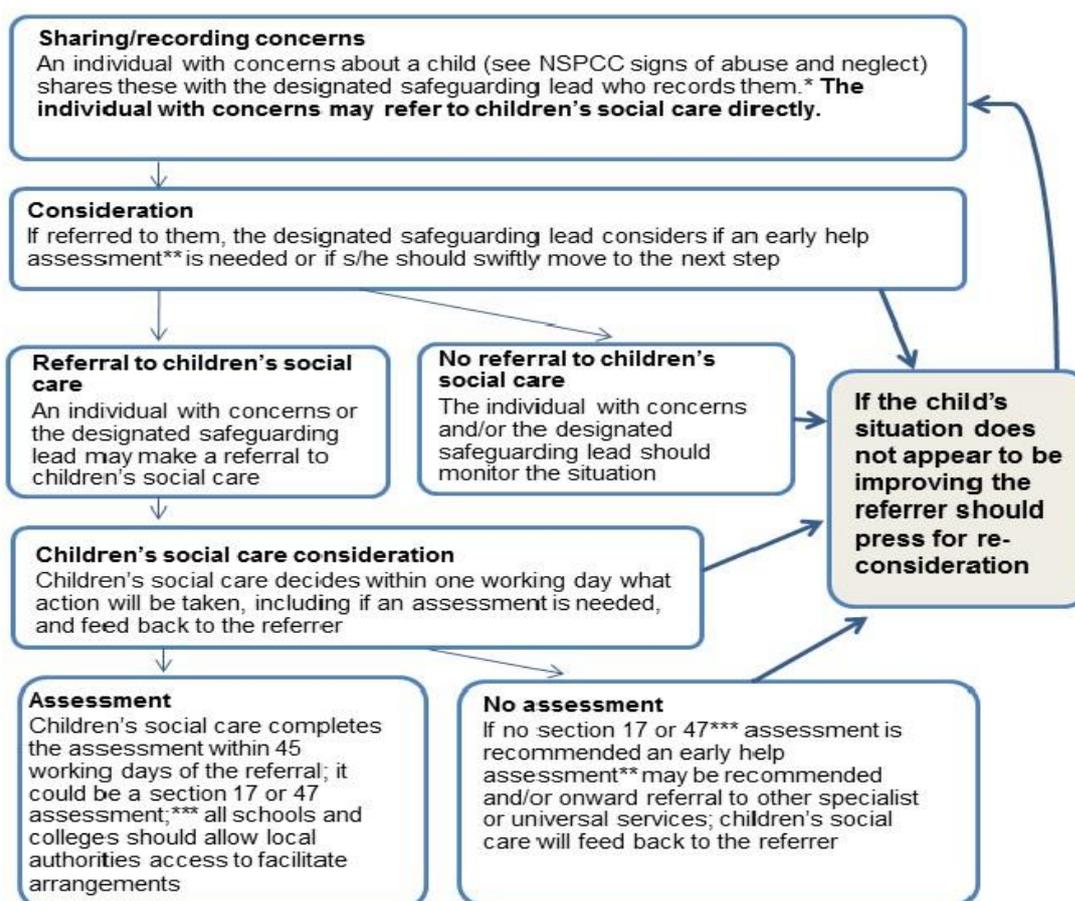

Concerns about children are referred directly and immediately to the operational safeguarding staff. The LSCB adopted procedures would then be followed.

Anybody can make a referral:

Action when a child has suffered or is likely to suffer harm

This diagram illustrates what action should be taken and who should take it when there are concerns about a child. If, at any point, there is a risk of immediate serious harm to a child a referral should be made to children’s social care immediately.

Anybody can make a referral.

* In cases which also involve an allegation of abuse against a staff member, see part four of this guidance which explains action the school or college should take in respect of the staff member

** Where a child and family would benefit from coordinated support from more than one agency (eg, education, health, housing, police) there should be an inter-agency assessment. These assessments should identify what help the child and family require to prevent needs escalating to a point where intervention would be needed via a statutory assessment under the Children Act 1989. The early help assessment should be undertaken by a lead professional who could be a teacher, special educational needs coordinator, General Practitioner (GP), family support worker, and/or health visitor.

*** Where there are more complex needs, help may be provided under section 17 of the Children Act 1989 (children in need). Where there are child protection concerns local authority services must make enquiries and decide if any action must be taken under section 47 of the Children Act 1989.

APPENDICES

APPENDIX ONE DEFINITIONS AND INDICATORS OF ABUSE

1. NEGLECT

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- Protect a child from physical and emotional harm or danger;
- Ensure adequate supervision (including the use of inadequate care-givers); or
- Ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs. The following may be indicators of neglect (this is not designed to be used as a checklist):
- Constant hunger;
- Stealing, scavenging and/or hoarding food;
- Frequent tiredness or listlessness;
- Frequently dirty or unkempt;
- Often poorly or inappropriately clad for the weather;
- Poor school attendance or often late for school;
- Poor concentration;
- Affection or attention seeking behaviour;
- Illnesses or injuries that are left untreated;
- Failure to achieve developmental milestones, for example growth, weight;
- Failure to develop intellectually or socially;
- Responsibility for activity that is not age appropriate such as cooking, ironing, caring for siblings;
- The child is regularly not collected or received from school; or
- The child is left at home alone or with inappropriate carers

2. PHYSICAL ABUSE

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child. The following may be indicators of physical abuse (this is not designed to be used as a checklist):

- Multiple bruises in clusters, or of uniform shape;
- Bruises that carry an imprint, such as a hand or a belt;
- Bite marks;
- Round burn marks;
- Multiple burn marks and burns on unusual areas of the body such as the back, shoulders or buttocks;
- An injury that is not consistent with the account given;
- Changing or different accounts of how an injury occurred;
- Bald patches;
- Symptoms of drug or alcohol intoxication or poisoning;
- Unaccountable covering of limbs, even in hot weather;
- Fear of going home or parents being contacted;
- Fear of medical help;
- Fear of changing for PE;
- Inexplicable fear of adults or over-compliance;
- Violence or aggression towards others including bullying; or
- Isolation from peers.

3. SEXUAL ABUSE

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The following may be indicators of sexual abuse (this is not designed to be used as a checklist):

- Sexually explicit play or behaviour or age-inappropriate knowledge;
- Anal or vaginal discharge, soreness or scratching;

- Reluctance to go home;
- Inability to concentrate, tiredness;
- Refusal to communicate;
- Thrush, persistent complaints of stomach disorders or pains;
- Eating disorders, for example anorexia nervosa and bulimia;
- Attention seeking behaviour, self-mutilation, substance abuse;
- Aggressive behaviour including sexual harassment or molestation;
- Unusual compliance;
- Regressive behaviour, enuresis, soiling;
- Frequent or open masturbation, touching others inappropriately;
- Depression, withdrawal, isolation from peer group;
- Reluctance to undress for PE; or
- Bruises or scratches in the genital area.

4. SEXUAL EXPLOITATION

Child sexual exploitation occurs when a child or young person, or another person, receives “something” (for example food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money) as a result of the child/young person performing sexual activities, or another person performing sexual activities on the child/young person. The presence of any significant indicator for sexual exploitation should trigger a referral to children’s social care. The significant indicators are:

- Having a relationship of concern with a controlling adult or young person (this may involve physical and/or emotional abuse and/or gang activity);
- Entering and/or leaving vehicles driven by unknown adults;
- Possessing unexplained amounts of money, expensive clothes or other items;
- Frequenting areas known for risky activities;
- Being groomed or abused via the Internet and mobile technology; and having unexplained contact with hotels, taxi companies or fast food outlets.

5. EMOTIONAL ABUSE

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may also involve seeing or hearing the ill treatment of another person. It may involve

serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment. The following may be indicators of emotional abuse (this is not designed to be used as a checklist):

- The child consistently describes him/herself in very negative ways – as stupid, naughty, hopeless, ugly; 21
- Over-reaction to mistakes;
- Delayed physical, mental or emotional development;
- Sudden speech or sensory disorders;
- Inappropriate emotional responses, fantasies;
- Neurotic behaviour: rocking, banging head, regression, tics and twitches;
- Self-harming, drug or solvent abuse;
- Fear of parents being contacted;
- Running away;
- Compulsive stealing;
- Appetite disorders - anorexia nervosa, bulimia; or
- Soiling, smearing faeces, enuresis.

N.B.: Some situations where children stop communication suddenly (known as “traumatic mutism”) can indicate maltreatment.

6. RESPONSES FROM PARENTS

Research and experience indicates that the following responses from parents may suggest a cause for concern across all four categories:

- Delay in seeking treatment that is obviously needed;
- Unawareness or denial of any injury, pain or loss of function (for example, a fractured limb);
- Incompatible explanations offered, several different explanations or the child is said to have acted in a way that is inappropriate to her/his age and development;
- Reluctance to give information or failure to mention other known relevant injuries;
- Frequent presentation of minor injuries;
- A persistently negative attitude towards the child;
- Unrealistic expectations or constant complaints about the child;
- Alcohol misuse or other drug/substance misuse;
- Parents request removal of the child from home; or
- Violence between adults in the household.

7. DISABLED CHILDREN

When working with children with disabilities, practitioners need to be aware that additional possible indicators of abuse and/or neglect may also include:

- A bruise in a site that might not be of concern on an ambulant child such as the shin, might be of concern on a non-mobile child;
- Not getting enough help with feeding leading to malnourishment;
- Poor toileting arrangements;
- Lack of stimulation;
- Unjustified and/or excessive use of restraint;
- Rough handling, extreme behaviour modification such as deprivation of medication, food or clothing, disabling wheelchair batteries;
- Unwillingness to try to learn a child's means of communication;
- Ill-fitting equipment. for example callipers, sleep boards, inappropriate splinting;
- Misappropriation of a child's finances; or
- Inappropriate invasive procedures.

APPENDIX TWO DEALING WITH A DISCLOSURE OF ABUSE

When a child tells me about abuse s/he has suffered, what must I remember?

- Stay calm.
- Do not communicate shock, anger or embarrassment.
- Reassure the child. Tell her/him you are pleased that s/he is speaking to you.
- Never enter into a pact of secrecy with the child. Assure her/him that you will try to help but let the child know that you will have to tell other people in order to do this. State who this will be and why.
- Tell her/him that you believe them. Children very rarely lie about abuse; but s/he may have tried to tell others and not been heard or believed.
- Tell the child that it is not her/his fault.
- Encourage the child to talk but do not ask "leading questions" or press for information.
- Listen and remember.
- Check that you have understood correctly what the child is trying to tell you.
- Praise the child for telling you. Communicate that s/he has a right to be safe and protected.
- Do not tell the child that what s/he experienced is dirty, naughty or bad.
- It is inappropriate to make any comments about the alleged offender.
- Be aware that the child may retract what s/he has told you. It is essential to record all you have heard.
- At the end of the conversation, tell the child again who you are going to tell and why that person or those people need to know.
- As soon as you can afterwards, make a detailed record of the conversation using the child's own language. Include any questions you may have asked. Do not add any opinions or interpretations.

NB It is not education staff's role to seek disclosures. Their role is to observe that something may be wrong, ask about it, listen, be available and try to make time to talk. Immediately afterwards... You must **not** deal with this yourself. Clear indications or disclosure of abuse must be reported to children's social care without delay, by the Designated Safeguarding Lead (DSL) or other member of the safeguarding team. Children making a disclosure may do so with difficulty, having chosen carefully to whom they will speak. Listening to and supporting a child/young person who has been abused can be traumatic for the adults involved. Support for you will be available from your Designated Safeguarding Lead (DSL) or Headteacher.

APPENDIX THREE ALLEGATIONS ABOUT A MEMBER OF STAFF, GOVERNOR OR VOLUNTEER

1. Inappropriate behaviour by staff/volunteers could take the following forms:
 - Physical For example the intentional use of force as a punishment, slapping, use of objects to hit with, throwing objects or rough physical handling.
 - Emotional For example intimidation, belittling, scapegoating, sarcasm, lack of respect for children's rights, and attitudes that discriminate on the grounds of race, gender, disability or sexuality.
 - Sexual For example sexualised behaviour towards pupils, sexual harassment, sexual assault and rape.
 - Neglect For example failing to act to protect a child or children, failing to seek medical attention or failure to carry out an appropriate risk assessment.
2. If a child makes an allegation about a member of staff, governor, visitor or volunteer the Headteacher should be informed immediately. The Headteacher should carry out an urgent initial consideration in order to establish whether there is substance to the allegation. The Headteacher should not carry out the investigation him/herself or interview pupils.
3. The Headteacher must exercise, and be accountable for, their professional judgement on the action to be taken, as follows –
 - If the actions of the member of staff, and the consequences of the actions, raise credible child protection concerns the Headteacher will notify the Local Authority Designated Officer (LADO) Team. The LADO Team will liaise with the Chair of Governors and advise about action to be taken, and may initiate internal referrals within children's social care to address the needs of children likely to have been affected.
 - If the actions of the member of staff, and the consequences of the actions, do not raise credible child protection concerns, but do raise other issues in relation to the conduct of the member of staff or the pupil (s), these should be addressed through the school's own internal procedures
 - If the Headteacher decides that the allegation is without foundation and no further formal action is necessary, all those involved should be informed of this conclusion, and the reasons for the decision should be recorded on the child protection file.
4. Where an allegation has been made against the Headteacher, then the Chair of the Governing Body takes on the role of liaising with the LADO team in determining the appropriate way forward. For details of this specific procedure, please see the Section on Allegations against staff and volunteers in the procedures of Tees Local Safeguarding Children Board.

APPENDIX FOUR INDICATORS OF VULNERABILITY TO RADICALISATION

1. Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.
2. Extremism is defined by the Government in the Prevent Strategy as: Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.

3. Extremism is defined by the Crown Prosecution Service as: The demonstration of unacceptable behaviour by using any means or medium to express views which:

- Encourage, justify or glorify terrorist violence in furtherance of particular beliefs; □ Seek to provoke others to terrorist acts;
- Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
- Foster hatred, which might lead to inter-community violence in the UK.

4. There is no such thing as a “typical extremist”: those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.

5. Pupils may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.

6. Indicators of vulnerability include:

- Identity Crisis – the pupil is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
- Personal Crisis – the pupil may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;
- Personal Circumstances – migration; local community tensions; and events affecting the pupil’s country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
- Unmet Aspirations – the pupil may have perceptions of injustice; a feeling of failure; rejection of civic life;
- Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement/reintegration; and
- Special Educational Need – pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.

7. However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism. Risk factors that are more critical could include:

- Being in contact with extremist recruiters;
- Accessing violent extremist websites, especially those with a social networking element;
- Possessing or accessing violent extremist literature;
- Using extremist narratives and a global ideology to explain personal disadvantage;
- Justifying the use of violence to solve societal issues; and
- Joining or seeking to join extremist organisations; and

- Significant changes to appearance and/or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and/or personal crisis.
