

Y2 Activities to do at home

Please practise something you have already learned by:

- writing your numbers in words 1-100
- writing your 2s, 3s, 5s and 10s and number bonds to 10, 20 and 100
- using look, say, cover, write method to practise your year 2 spellings that you already have at home
- drawing a plant in the style of Georgia O' Keefe
- going on a shape hunt and seeing how many 2d and 3d shapes you can find in your house
- keeping a food diary
- writing a story and drawing a picture to go along with it
- using google maps to find countries in different continents
- copying a page in your reading book in your neatest handwriting

Get ready for some new learning next term by:

- learning the value of all the different coins you can find in the house
- grouping together different amounts of money and counting it up
- learning to tell the time to o'clock, half past, quarter past and quarter to
- writing a diary of how you are keeping yourself busy

And most importantly... READ, READ READ!

You have your school reading book and free choice book to enjoy while you are off school. But there are hundreds of books to read online too! Our school website has 4 links for you to access e-books. Just click on 'Learning' then 'English' to find them.

Useful information for parents:

- To help parents, carers and teachers during this time, Twinkl are offering one month of free membership which will unlock many fantastic National Curriculum resources. To receive the offer, go to www.twinkl.co.uk/offer and enter the code UKTWINKLHELPS.
- In addition to this, you can access free maths resources from White Rose Maths. We use a lot of these resources in class so children should be familiar with the style of questions. To access the free resources, go to <https://whiterosemaths.com/> and visit 'Primary SOL'
- Jack Hartman on Youtube provides some musical maths songs that the children really enjoy.
- A website to help with times tables is <https://mathsframe.co.uk/en/resources/resource/477/Multiplication-Tables-Check> (Please ask your children to practise 2, 3, 5 and 10 times tables)
