

A note from the Governors:

Across this academic year, the Governors continue to actively support the school in delivering an excellent standard of education for the children. We focus on ensuring the staff and pupils are supported across all aspects of the school. The Governor role, ultimately, helps ensure the school is run successfully, compliantly and is being held to account. We have recently held one of our full Governing Body meetings and discussed ways we can ensure the school continues to excel in its delivery of education to the pupils, whilst challenging and supporting the School leadership team in how they adhere to the Norton values and educational policies and best practices. All Governors at Norton work closely with Mrs Farren and the school leadership team. Several Governors have recently visited the school to review how key subjects are taught and to provide support to the school leadership team. If you want to know more about the Governors of the school, including who we are, how we are structured and what we do, please go to the Governors page on the school website. If you have any questions for the Governors, you can email the Governor Chair at chair@norton.gloucs.sch.uk. Wishing you all a fabulous weekend.
