16TH NOVEMBER 2018 NEWS

The Eco Council, with the help of Year 4, carried out an audit of the packed lunch waste during one school day. The results can be seen on the accompanying chart. We were all shocked by the results and the amount of waste that is being sent to landfill each day.

The Eco Council have come up with the following actions that they would like everybody to take:

1. Bring sandwiches to school in a reusable container instead of foil or cling film
2. Bring drinks in a refillable bottle rather than in cartons or pouches that can only be used once.
3. Avoid snack packs that have a lot of packaging that end up in the bin and bring snacks in reusable containers.

We will be holding a waste free lunch week from **Monday 26th-Friday 30th November**. During this week on Thursday 29th November we will carry out another 'audit' and hope to see the amount of packed lunch waste drastically reduced. These tips could help us achieve a significant drop in waste:

- Use a reusable lunch bag/box for carrying a lunch. Consider buying a lunch box with several small compartments, or re-use plastic takeaway containers.
- Use a refillable bottle for drinks.
- If you choose to use a single-serving container, please make sure it is recyclable.
- Put sandwiches, muffins, etc. in reusable containers, instead of plastic bags. Label them with your child's name so they have a better chance of coming home.
- Avoid pre-packaged, single-serve portions of snacks.
