

Illness & Accidents at School

When children are unwell at School, we will contact you at home or at work and expect you to take immediate action for the care of your child.

Simple injuries in School are dealt with, in the first instance, by the School's first aiders who have the support of the School Health Service for advice and training.

If a child has an accident at School requiring more than simple first-aid treatment, we will contact you. If this is not possible, it is our policy to take whatever action we consider necessary to safeguard the child.

It is most important that we always have details of telephone numbers we can use when these emergencies occur. For your child's well-being and security, it is vital that our records are kept up-to-date.
