From the Headteacher

The safety and wellbeing of our children is very important to all of us both inside and out of school. Please bear that in mind when you drive a vehicle in the area around our school. We are too aware that School Lane is a narrow road and not intended for some of the traffic that travels along it. Please, also, consider how and where you park and the speed you travel - particularly before and after school. The Fire Service has asked us to remind you that when parking your vehicle, please park close to the kerb, leave enough space for a fire engine or an ambulance to pass, leave extra room near tight corners (particularly around Glebelands and The Farthings) and remember to fold in your wing mirror if parked for some time.

From the PTFA and the Headteacher

A huge thanks is due to everyone who turned up to help shift 17 tonnes of loose organic material from the playground on Saturday! You worked so hard and the allotment is looking great. Phase 3 of the big build is coming soon!
