MESSAGE FROM MISS HURFORD

Dear Parents and Carers,

Thank you to everyone who contributed to the Harvest festival. It was a lovely service with fantastic singing and some super acting .

The school is buzzing with learning. I completed lesson observations in all classes this week. I felt proud to see how well all the children are engaging and responding to the learning in their lessons. The teachers have been working extremely hard and this is apparent in the children's behaviour to learning. We are looking forward to welcoming you and sharing time in school next Monday, for the open afternoon.

Miss Hurford

Family Points

Aisthorpe

Peverell

Dinham

Powlett

Mathematicians of the Week

Class 2: James Foreshew

Class 3: Mason Care-Slade

Class 4: Mia Hinds

Stars of the Week

Class 1: Megan Morgan

Class 2: James Pengelly

Class 3: Harvey Ahern

Class 4: Rosie Hinds

Our Christian Values are:

Teamwork

Forgiveness

Respect

Honesty

Kindness

Faith

CLASS NEWS

First Steps and Foundation

Foundation have been enjoying all about Autumn and the changes that the season brings. We have enjoyed exploring Autumn treasures, discovering that some are rather spikey and have collected leaves to print with. We have been reading the story of 'Leaf Man' and have created our own version of the book using leaf collages. We look forward to sharing our learning with you on Monday at the Open afternoon.

Class 2

Class 2 have been enjoying learning about instructions. We will be writing recipes for our own rascally cakes next week.

In Maths, we have been working hard on learning, showing and making connections between number bonds. If we know our number bonds to ten, we can use them to help us find number bonds to 20 and 100.

Class 3

We have started addition and subtraction and representing calculation in a variety of ways. We have also been exploring newspaper reports and the key features of them.

Class 4

This week in Class 4 we have been learning about buoyancy – we created our own plasticine vessels and then saw how much mass they could carry – congratulations to Bella and Becca for designing a boat which could carry 218g of weight. We have also been learning the power of persuasion by writing letters to Miss Hurford, local businesses and the council. In maths we have been trying to go deep into mastery when looking at addition and subtraction – ask us about the bar method and the part whole!

Best of British

We have decided to rename each class linked to our learning about 'British Values.' Each class will be given the name of a British person, past or present, that has made a significant difference to Britain, such as: Queen Victoria, Mo Farah, Winston Churchill, Florence Nightingale etc... We would like parents and carers to share their ideas. Please discuss with your child who you think they could choose and decide as a family your suggestion. Please fill in the slip below and return by Tuesday for the class names to be decided.

Thank you
