## **Review of Participation in Sporting Clubs and Competitive Events in the 2016/2017 Academic Year.**

98% of children from years one to six have taken part in at least one extracurricular activity or competitive sporting event.

42% of children across years one to six have taken part in three or more sporting clubs and activities.

100% of children who are eligible for free school meals have taken part in at least two sporting clubs or event, with the average being 3.

The School took part in 5 competitive sporting events in the 2016/2017 academic year including: boys' football, girls' football and mixed tag rugby.

Unfortunately we lost a significant sum of money, which we had invested in entering the Rock Solid Race at Escot. As a replacement, we took 55 children to take part in the Bear Trail, Cullompton.

Extracurricular clubs have been tailored to suit request and need with two being invitation only to motivate those who were more reluctant to join.

For boys, the average number of sporting clubs or events taken part in this year is 2.78.

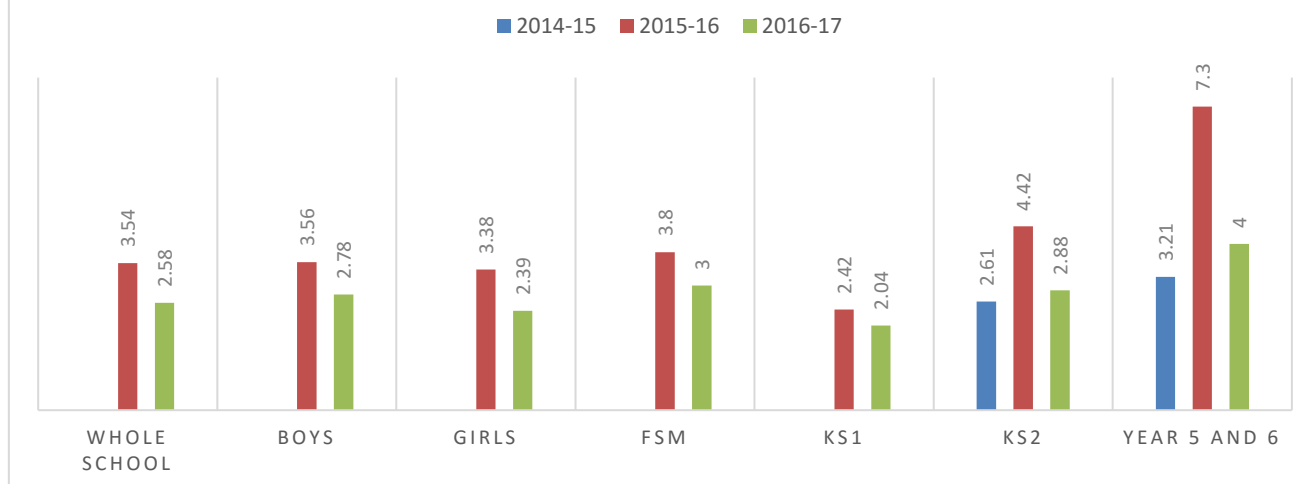

For girls, the average number of sporting clubs or events taken part in this year is 2.39.

The average number of sporting clubs or events taken part in by all children in Key Stage Two is 2.88.

The average number of sporting clubs or events taken part in by all children in Key Stage One is 2.04.

In years five and six, the average number of events and clubs taken part in this year is 4.

## AVERAGE NUMBER OF SPORTING CLUBS AND COMPETITIVE EVENTS BY GROUP

In the 2014/2015 academic year, data was collected for Key Stage Two only so comparison can only be made between the last two columns.

### Targets

- We will explore a further adventurous activity for the coming year. This could possibly be the Monster Race (the company which has taken on the Rock Solid Race)
- To increase the opportunity for girls to participate in competitive sporting events to close the gap to the boys.
- To provide more competitive fixtures across all sports with local learning community schools.
- To continue to provide a bespoke and interesting extra-curricular programme which meets the needs of our children.
- To review our use of Sports Premium funding and utilise this in the most suitable way.
