

## **Gwinear School Sports Premium Funding Action Plan 2020 -21**

**Background** - The primary school sport premium investment goes direct to primary school Head Teachers and is designed to support improvements in the quality and depth of PE and school sport. In 2017/18 the amount schools receive each year doubled.

**Key Indicators** - The Department for Education vision is that all pupils leaving primary school are physically literate and have the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport. The objective is to achieve self-sustaining improvement in the quality of PE and sport that delivers high quality provision of a balanced and holistic PE and school sport offer. There are 5 key indicators that schools should expect to see improvement across:

1. the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
2. the profile of PE and sport is raised across the school as a tool for whole-school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Percentage of Year 6 cohort 2020 that could swim competently, confidently and proficiently over a distance of at least 25 metres?	100%
Percentage of Year 6 cohort 2020 that could use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?	100%
Percentage of Year 6 cohort 2020 that could perform safe self-rescue in different water-based situations?	Unknown not able to assess due to Covid
Percentage of children that took part in extra curricular activities in 2020	67%
Percentage of children who took part in inter-school competition in 2020	96%

**NB: In light of the current COVID pandemic some of the following actions may not be possible due to restrictions. Costs are based on optimistic projections for Spring and Sumer terms when it is hoped children will be able to take advantage of extra-curricular activities such as clubs. If this is not the case monies will be diverted to further enriching internal opportunities.**
