

PIANO LESSONS

Rhiannon Scott is a local piano teacher who specialises in working with children and introducing them to the joys of music

She is experienced in teaching primary school children and is keen to offer affordable weekly lessons to those in year 1 upwards.

She will offer twenty minute slots for £8 a lesson.

Emphasis will be placed on making the lessons as fun, relaxed and enjoyable as possible.

Pupils will be introduced to piano and then taken through the ABRSM grades where appropriate. All piano pupils will -

- *be introduced to the keyboard*
- *learn to read music in both right and left hand*
- *be given an appreciation of rhythm and theory*
- *be encouraged to experiment with the dynamics of loud soft and musical colour!*
- *learn a repertoire of engaging music*
- *motivated to practise by rewarding their achievements and performances*

Lessons will take place on a set day and the schedule of pupils lessons will be rotated to ensure they don't miss the same slot of break or lessons every week.

Learning an instrument develops concentration skills and in-depth focus, and will bolster your child's education.

If you're interested, please register your interest via the office and directly to Rhiannon at rhirhiscott@gmail.com

Warm regards

Rhiannon Scott
