

Dear Parents/Carers

We have had a few parents ask once again about the possibility of starting up an after school club here at Grade Ruan Under Fives. Unfortunately when we looked to do this before there was not enough up take to make it financially viable. We are keen to offer this provision as long as up take is enough to make it viable for us to run. The after school club would be open to the Under 5's but also to all primary school children at Grade Ruan School. We would keep to strict 'bubbles' as we do now for breakfast club to adhere to current Government regulations.

After school club would run until 4.30pm at the latest to begin with, including a small snack and drink. The sessions would have to be booked in advance and paid in advance to secure your place. Ad-hoc sessions may be available if space is available but would have to be paid as soon as the booking is made.

We hope to start the after school facility as soon as possible in the new year so will need to know as soon as possible the need for the after school club. Please let us know by email or phone call the sessions you require, day/s, time and for how many children. Please remember we are closed on a Thursday.

Each session will cost £5.50 per child with a snack and drink included until 4.30pm. A sibling discount of 50p will apply.

If anyone interested could contact us before November 30th, it gives us a chance to work out if the after school club will be able to go ahead.

We would like to remind you also that Grade Ruan Under Fives offer a breakfast club which is available for the primary school children also. Breakfast club currently runs from 8.15am, but could run from 8am should there be enough demand. Breakfast club is £3.50, again with a sibling discount available. This includes breakfast and a drink. Same details as after school club regarding booking and 'bubbles'.

Yours sincerely

Clare Sanders
