- OUR LEARNING JOURNEY -

24th May 2017

Dear Parents and Carers,

We close for the Spring Bank holiday on Friday 26th May. This half term has been very busy and eventful and got off to a wonderful start when our Year 4 children went on a residential visit to York to learn more about the Romans. The learning continued in and outside the classroom when they returned. Not least using all their skills of Champion Learning to construct fully functioning Roman aqueducts.

Safety is always paramount and I am writing with some very exciting news for our school. Work will begin on a new office area in the summer term. Our Year 3 cloakroom area will become our new main office. This will increase the safety and security of our school site as well as meeting the requirements of a fully functioning 21st Century school office. The girls' toilets will be relocated to the Year 4 cloakroom area and we will have toilets and cloakrooms installed upstairs for our Year 5 and 6 children. I am very grateful to the governors for all their hard work over the last few

months to scrutinise and discuss plans with the architect and Project Manager. You may already have noticed the positive impact the changes are having. No more deliveries on our drive, as all these are now made to our new secure delivery entrance on Carlton Avenue. The playground will have a boundary fence installed across the drive this summer, whilst still allowing gated access for emergency vehicles. I have included a small section of the new plans. I hope you get chance to see the changes unfolding over the next few months.

I hope you and the children have a good break. School opens again on Tuesday 6th June.

Sally Stoker

Kind regards,
Mrs Sally Stoker
