

Avatar Competition 2016

The theme for this Summer's competition is
The Olympic and Paralympic Games,
Rio 2016.

Each winner will have their design developed within
the platform and receive a certificate. One overall
winner from each Key Stage will receive a £50
iTunes voucher or book voucher for their school!

You can find out about The Games here:
www.getset.co.uk [www.bbc.co.uk/sport/
olympics/36084489](http://www.bbc.co.uk/sport/olympics/36084489)

Teacher Notes

Encourage pupils to find out about the variety of
sports included in The Games and to consider the
values associated with both events.

Pupils should think about accessories and
equipment necessary to take part in the event they
are designing for and include these in their design.

We have included a larger template for younger
children and a smaller template for older children
with space to write notes about their ideas and
design choices. Both are available to download
here: <http://ngfl.northumberland.gov.uk/>

You may choose to print the templates and use
whatever materials you would like your pupils to
work with. Alternatively, you could share the
templates digitally and allow your children to use a
package like JIT (available in School360) to create
their designs.

Please ensure that your
designs reach us by
30th June.

★ Winning designs will be
available in School360 ★
before the summer break.
