

## Sports Premium Funding 2018-2019

### St. Paul's With St. Michael's Primary School

The sports premium funding will enable us to enter more competitive sports within the community and we endeavour to offer opportunities to further develop leadership and coaching skills. By taking part in competitions we aim to use PE as a tool to develop sportsmanship and challenge where each child is valued for trying their best.

As a school we support government initiatives for healthy lifestyles and by using physical activity as a vehicle we aim enable all children to establish and maintain positive lifelong physical habits. We strongly believe that there is an important link between a child's healthy body and their ability to learn. In light of this we are designing and delivering a range of opportunities that have a positive influence on concentration, attitude to learning and social skills.

#### **Barriers**

- Lack of physical activity and motivation outside school
- Unhealthy eating habits
- Inexperience in playing team sports and having positive attitudes to winning and losing.

**£17670**

Use of funding	Cost
Staffing for coaching- football, tennis and after school clubs.	£9370
Resources	£6000
Training for staff	£1500
Sports week activities	£800
<b>Total expenditure</b>	<b>£17670</b>

**School has achieved Gold Status from the Sainsbury's School Games Award and Bronze Award from Healthy Schools London.**

**Ofsted 2017: Outstanding:**

Ofsted say:

*The additional sports funding is used imaginatively and very effectively by leaders to focus on key priorities such as tackling childhood obesity. Leaders use information effectively to determine the use of this funding. For example, their monitoring of attendance of pupils in after-school sports clubs has enabled leaders to use the funding effectively to improve girls' participation in sport.*

## **Impact Data**

### **Sporting opportunities for all pupils**

More girls playing football with opportunities to compete locally. Good gender balance in after school sports activities.

Pupils learning a new skill- archery and table tennis, rugby and dodge-ball.

More expertise through extra coaching input.

Tennis for all year groups and opportunities for pupils to compete locally and some nationally and internationally. Gifted and Talented tennis provision. Girls' Team came in 1<sup>st</sup> at the Hackney Final Championship Tournament and will represent Hackney at Crystal Palace.

Better resources and new equipment to support skills.

More training opportunities for staff

Inter-School Opportunities: Sports clubs competing locally with other Hackney Schools.
