23rd November 2018

Dear Parents,

If you are a university graduate and have considered becoming a primary school teacher then we would like to hear from you.

Our school is part of a partnership of schools in South Bucks led by Chepping View Primary Academy SCITT, a leading provider of personalised teacher training programmes to teach general primary (5-11 years) or early years and KS1 (3-7 years). Trainee teachers embark on a one-year postgraduate programme leading to Qualified Teacher Status (QTS) as well as the option of studying for a PGCE (Postgraduate Certificate in Education). Being part of the partnership is really important to us because it means we can choose the very best trainees and develop them into outstanding teachers for the future through classroom based training. Being able to choose who we train as teachers helps us in delivering the best outcomes for the children at our school.

The Department for Education has announced that there are '**unlimited**' teacher training places available for 2019-2020 and the partnership is now recruiting trainees to start in September 2019. We're looking for people who have a degree (or will have), have a passion for teaching and want to inspire young people to fulfil their potential. Please find attached more details about the programmes.

We would be happy to discuss the teacher training process with you, should this be of interest or alternatively you can contact Chepping View Primary Academy SCITT for an informal chat about the details of the programme (www.cheppingviewscitt.com).

If you know anyone who would be interested in becoming a primary school teacher then please feel free to forward the details of this e-mail on to them.

We look forward to hearing from you.

Yours sincerely,

Dorota Milner
Headteacher
