

St Mary and St Joseph's School Song

Verse 1

We're as nice as Galaxy chocolate,
We're the top leaf on the tree.
St Mary and St Joseph's is a special place to be.
When we're learning in the classroom
Or we're playing on the field,
We're always trying hard to do our best.

Chorus

**At St Mary and St Joseph's
We are shining like a star
Accepting one another for exactly who we are.
Respecting one another,
Showing love in all we do.
We have the greatest teachers,
Greatest friends and greatest school!**

Verse 2

In maths we like a challenge
And the teachers help us out.
We're meddling with numbers and there's compasses about.
Sometimes we're writing stories
Using lots of tricky words.
We're powerful as panthers with our pens!

Verse 3

At sports we're energetic,
Climbing high and going wild.
There's dodgeball and tag rugby and cross-country runs outside.
Or you can just play with your friends
On Teletubby Hill.
There's always Playground Pals to help you smile

Verse 4

Some of us learn instruments
But all of us sing songs.
We're baking and we're knitting and we're wearing crazy socks!
Lots and lots of school trips
Like Stonehenge and PGL.
We're learning all the things about the world
