

Godrevy Cove

Spring Term

Welcome back to the Spring term! We've got lots of exciting things planned this term, so I hope you are all excited to be back and ready to learn!

Our topic this term is '**Around the World in 80 days**' so we are going to be learning about lots of different countries around the world, focusing initially on one from each continent, and thinking about how people around the world live differently to us.

Home Learning

This term children will receive a homework grid that is based on our topic work with English and Maths objectives. This is due on Thursday.

In addition children will have spellings, which will be tested each Friday.

PE Kits

PE will continue to be on Tuesdays with Mr Studd, and at another time in the week with Miss Blee.

Please ensure your child has the correct PE kit in school each week, with all items named and kept in a named bag on their peg.

Show and Tell

Show and Tell will be on the first and last Friday of each half term, before Golden Time.

Please can children bring in items related to our topic this term.

Reading

Children make the most progress when they are reading regularly at both home and at school, so I would ask that children read at least three times a week at home, in addition to in-school reading. We will also be using phonics daily and/or focused grammar work, which is linked to our guided reading and English lessons.

Queries

If at any time you have any queries, problems or would like to chat about your child's progress, please come and discuss this with me. You can make an appointment at the office to see me at a time that is convenient to you, either before or after school.

Topics

Please turn over to have a look at the topics that we will be covering this term.

Clothing

Please make sure **ALL** items of your child's clothing and shoes are clearly labelled so that they can always be returned to their owners should they wander off!

Communication, Language and Literacy

- Circle time
- Drama and role play within lessons
- Sharing work and class discussion
- Show and tell on some Fridays
- ICT

Maths

In Maths we will be following the Abacus scheme of work.

Understanding the World

Geography: Continents, comparing where we live to other countries around the world
