

Carleon Cove Class News Spring 2019

Welcome back to school everyone and a Happy New Year! We hope you have all had a fantastic Christmas break and are now ready for some new and exciting things for the New Year.

Mrs Harman and Mrs Belfield are in each day as usual with Mrs Ruscombe-King looking after things on Wednesday and Thursday afternoons.

We will be doing:

- PE will be every Tuesday (with Mr Studd after half-term)
- Lots of outdoor activities when we can so if you haven't already got wellies in-school, please bring some in.

Phonics

Please keep up the reading practise at home. The 100 minutes reading challenge will start again this term so keep your eye on the newsletter for our children earning their certificates. We will also be expecting more of our reception children to be bringing home reading books this term so look out for those. In the meantime, the 'tricky words' cards will be sent home for practice every day. I am amazed at the progress so far with letters and sounds and tricky words so keep up the good work!

The spellings brought home by Y1 children reinforces phonics so please continue to support your child in reading and spelling the words they bring home.

Outdoor Clothes

The children are looking really smart for the New Year, well done everyone, keep it up!

Please ensure your child has a coat at school everyday as we will try to venture out as much as possible. A pair of named wellies is also required please if you haven't already done so!

PE

The children will be doing PE as usual on Tuesdays (with Mr Studd after half term) so please make sure PE kits are in school for the week.

Please remember to name all items of clothing, including PE kits and polo shirts.

Wow!

Reception parents— Don't forget to help yourself to the Wow Sheets (in the cloak-room) to record any achievements your child impresses you with. These are then put in to their learning journal to help record their individual learning journey.

This terms topic

Our main topic this Term is 'The Deep.' As with all Early Learning, the topic will evolve as the time goes on as we like to plan according to the interests of the children. So please do encourage your children to do some research at home or bring things in to school related to the topic!

Please see attached topic letter for more details.
