

School Vision

Making a Difference in God's World

We want pupils of Broomhaugh C of E First School to be happy, compassionate, successful and contributing members of society, able to make a difference to their world.

School Mission

To do this we will provide:

1. A place where Christian values, such as kindness, tolerance, respect and forgiveness are embedded in every activity.
2. A nurturing place where individuality and diversity are respected, and where each child and adults contribution is valued, children feel safe and happy, and are ready to take risks, overcome challenges and grow in confidence.
3. A place where children, staff, parents, governors and the community work together to realise our vision.
4. Staff who are committed to make learning relevant, exciting and engaging to inspire children whatever their needs and abilities to achieve their best in academic, creative, personal, physical, moral and spiritual development.
5. A rich imaginative and creative curriculum that uses the outside and inside environment as a learning space.
