Learning Achievements

Reception/Class 1: This week we have been writing about our Royal afternoon tea we had last week. We have started learning about length and height in Maths and learning our dance for the dance festival.

Class 2: this week the children have been applying their reasoning and problem solving skills in English when they were posed with the question ‘was King Arthur a myth or did he really exist?’ In Maths the children have been adding and dividing fractions. All the children have now completed and submitted their 500 words to BBC Radio 2; it’s just a matter now of waiting until April for the results!
